

Dear Rosemarie and Lee,

I wanted to take a moment to sincerely thank **Penguin Entertainment** for the terrific event we had last night. The casino was a big hit. Everyone was in a festive mood right from the start.

A great deal of planning goes into an event like this as we have to raise most of the money from sponsors, plus extra sponsors for all the raffle gifts. It does get complicated with so many cooks stirring the pot. But it did work out wonderfully. One thing we certainly didn't have to worry about was the Casino!

Your Casino crew were wonderful and made the event fun for all. I especially liked the trivia. The room took on a great flare with all the professionally looking tables set up. You both certainly know your trade.

Thank you again for helping to make our event as wonderful as it was. We will be sure to recommend **Penguin Entertainment** whenever possible, and I am sure you will be receiving additional bookings from the Mortgage companies, Banks, Title companies and Realtors that were in attendance that evening. Everyone had a wonderful time.

I would be happy to speak to any potential client you have to explain how we worked our event and about the professional job you did.

My Best to you both,

Carol Gallo-Turschmann, Vice President  
Nassau So. Shore Chapter of The Long Island Board of Realtors
